

Welcome to the Bodhi Restaurant Bar.

Bodhi has been family owned and operated for the last three generations. It was established in 1988 not only with the goal of creating a business that harms no living creatures in its success but as a special place that brings people together through the shared experience of drinking and dining.

Our menu at Bodhi has been designed to focus on this philosophy.

Our cocktails have been created with the aim of using the very best organic herbs, fruits and juices. To maintain the highest quality, the team fresh press our fruit juices daily and we create our own bespoke syrups.

This allows us to ensure our cocktails are of the highest standards.

For those who are intolerant or sensitive to gluten, we have tailored some of our cocktails to be made with gluten free products marked with a Buddha symbol.

Our wines and craft beers have been carefully selected to complement our unique cuisine. We have focused on local Australian wines that are organic, bio-dynamic or ethically and sustainably farmed.

We are a loving and inclusive business that welcomes people from all walks of life with many different beliefs and lifestyle choices. Our role is to provide a beautiful sanctuary and a wide variety of drinking and dining options for those very people.

We hope you enjoy your time with us.
